ChessKidz is coming to your school!

The chess instructor will be visiting every class for one hour per week for two weeks to teach the entire student body the game of chess for free!

Chess has been proven to improve critical thinking skills and we will teach it using stories, dances, and songs so that the kids will not forget how the six pieces move. Teachers might even learn something new!

All equipment will be provided. Just sit back, relax, and get your game on.

Questions?

Email: info@chesskidz.org

IT IS OK FOR VERY SMALL (15 or less children) CLASSES TO COMBINE TOGETHER
