

**Do you like to play CHESS?
Do you like hanging out with KIDS?
Want the job with the most FUN?**

ChessKidz Inc. is currently looking for chess instructors! We teach elementary kids (1-6th grade) chess in the elementary schools. Instructors with ChessKidz have been teaching chess for over 7 years. Each year our program and curriculum gets stronger and better. We are responsible for the scholastic chess craze currently exploding here in Reno Nevada and surrounding cities and invite you to become part of the organization.

We are looking for chess players who are good with kids to help us teach chess. If you are not a chess player you must commit some time to learning chess to teach with us. We can turn you into a decent chess player, but you must be willing to commit at least one hour a day. We have full time work teaching during the school day for our best instructors based on training and experience within the ChessKidz organization.

Pay rates vary according to your chess teaching and chess playing level. Chess instructors make as little as \$15 for a one-hour class, and as much as \$40 an hour.

Good with kids is a must. If you are good with kids, and good at chess, or if you have enough interest in chess to put serious work into it, we have a job for you teaching chess in the schools. We are obligated to teach our students chess so they can grow as people.

Here are our requirements:

Good with kids is a must

Available between 2:30 and 4:45 on weekdays

Have an automobile (unplanned tardiness or missed classes are not endured)

No Felony record, or misdemeanors (especially involving children)

All Instructors must be background checked and obtain a Sherriff's card from Washoe County (we will set up the appointment and reimburse the expense if you pass the check)

If you meet these requirements and think that this job is something that you are interested in, please submit a resume to Info@ChessKidz.org

Do not email us if you cannot meet the above mentioned requirements.
